Sorry, Between FEMA and putting together info for a water project, I some how forgot to send you data. I'll will get it to you this afternoon.

Thanks Josh

I am checking in again - it's been a few months. We are here to help if you need - please send me some of your data over the last few months and I will try to help if needed.

Thanks

Bill

Hi Josh –

Just a reminder to send us data – I'd like to help if we can.

Thanks,

Bill

Bill,

I will forward data to you, I am currently running another set of samples to the lab, but as soon as I have a chance I will forward the results from all of the test that has been done.

Currently I'm testing water for PCE every 3 months.

Thank you,

Josh

Hi Lew and Josh -

I am following up on the PCE contamination observed in the Paden City water supply. I'm curious if you could provide me with data pertaining to source water samples collected and analyzed. I'm most interested in recent data (last six months), but a compendium of data over several years will be helpful too. Also, if there have been any other related developments, please let me know. I'd like to help better evaluate the situation and determine if and what next steps are needed.

Thank you,

Bill
